

Learning For All • Whatever It Takes

Access to Fort Riley has changed to ensure full compliance with Homeland Security directives. This directive requires installations to vet all visitors and un-cleared contractors prior to allowing entry to the installation, a common practice on all installations around the country.

For those who have a common access card, military ID, military dependent ID or retiree ID, you are already cleared and may enter as usual.

USD 475 and Fort Riley have partnered for over 60 years and the installation is taking into consideration the value our staff, families and visitors bring to Fort Riley.
